

ANSHUL DEEP BAJPAI

AI & Machine Learning Undergraduate | Aspiring AI Engineer

+91 8810866877

anshuldeepbajpai@gmail.com

Hasangani, Unnao, Uttar Pradesh

Professional Summary

Motivated Artificial Intelligence and Machine Learning undergraduate with strong foundational knowledge in machine learning algorithms, data analysis, and programming. Skilled in Python, SQL, and data preprocessing with hands-on experience developing AI-based projects including classification models, NLP applications, and recommendation systems. Passionate about solving real-world problems using data-driven solutions and continuously learning advanced AI technologies.

Technical Skills

1. Programming Languages

- Python
- C
- Java

`</>` Strong foundation in core programming languages enabling efficient problem-solving and implementation of AI/ML solutions.

How These Languages Work Together in AI/ML

2. Machine Learning, AI & Data Science

- Data Science (EDA, Data Storytelling)
- Supervised & Unsupervised Learning
- NLP
- Feature Engineering
- Model Evaluation & Validation
- Deep Learning
- Generative AI
- Large Language Models (LLMs)
- Retrieval-Augmented Generation (RAG)
- Prompt Engineering
- Transformer Models

3. Libraries & Tools

Projects

◆ Spam Email Classification

- Developed a machine learning model to classify spam vs non-spam emails.
- Applied preprocessing techniques and feature extraction for improved accuracy.
- Implemented using Python and Scikit-learn.

◆ Sentiment Analysis System

- Built NLP-based system to analyze text sentiment.
- Used text preprocessing, tokenization, and classification models.

◆ Movie Recommendation System

- Designed content-based filtering recommendation model.
- Implemented similarity-based recommendations using machine learning concepts.

Education

Bachelor of Technology (B.Tech) — Artificial Intelligence & Machine Learning
A.P.J. Abdul Kalam Technical University, Lucknow
July 2023 – June 2027

Certifications

- Machine Learning — Coursera
- Python for Data Science
- SQL for Data Analysis

Languages

- English • Hindi
